

KITCHENS, BEDROOM & BATHROOM UNITS DOORS, WINDOWS & FLOORING

NEWLINE[®]

Kitchens, Bedroom & Panel Systems

Newline Limited was established in Nairobi in 1998 as a panel office furniture supplier, thus introducing a new concept to the Kenyan Market. We are now proud to introduce a new range of products for both office and home. We will be specializing in **Kitchen Cabinets, Bedroom Wardrobes, Bathroom Cabinets & Panel Systems** that suit all our customers. We believe in beauty and comfort.

We offer a beautifully designed range of modular **Kitchen Cabinets** that are in accordance to the current market trends. Our cabinets comprise of integrated drawers and shelves for convenience and flexibility which in turn manages space constraints.

Our cabinets and wardrobes are manufactured using **18-millimeter thick** Grade E1 Melamine Board with shock resistant 2mm PVC Lipping, sleek Metallic Handles and Granite Kitchen Counter Tops to create beautifully finished fronts and corner units, emphasizing on comfort & space management.

They are designed to accommodate various utilities that the whole family needs, allowing them to capture those special family moments together.

Our kitchen cabinets come with a wide array of accessories. They are conveniently structured so as to improve storage management and to provide a cleaner work surface, especially in homes. We also provide the necessary kitchen equipment like cutlery boxes, spice racks, corner baskets, tank trolley and convenient litter bins that accentuates the kitchen's usability.

Our **Bedroom Wardrobes** are conveniently designed according to the space provided, the client's requirement, the colors and the finish chosen, and the amount of storage they need. They also come fitted with trouser, tie and shoe racks, if required.

The **Bathroom Cabinets** are well designed and built to withstand the test of time. With durability in mind, we still do not compromise on the quality and finish. Our cabinets come with high quality sleek handles, smooth mechanisms, and wonderfully elegant finishes.

Have you been planning to build your dream kitchen? You do not need to wait anymore. Visit our showroom, have a sit down with our designers and let them help you bring your dream to reality.
