Reference Catalog

Newline Limited was established in Nairobi in 9th July 1998 . We have expanded our operations by offering our clients a 5-year guarantee and a 5-year Back-Up service on the purchased products. This has gained us the support and the help from our clients in becoming the leaders in this market.

In 2008, we change the direction of the company when we started to manufacture furniture locally by investing in Hi-tech machinery. We are no longer furniture sellers only, but Furniture Manufacturers as well.

We have a strong workforce of over 80 employees providing services in sales, marketing, interior design, logistics, production, assembly, packing and general administration. We are now supplying to the biggest government and private bodies in Kenya.

With the confidence that we gained in the market, we started manufacturing kitchen cabinets and bedroom wardrobes in the beginning of 2010. We believe that our clients comfort and satisfaction comes first, thus we are working on new technologies to ensure that this need is met.

Newline Limited products are manufactured in Kenya. Our products are manufactured to meet Turkish (TSE) and German standards (DIN). These are standards benchmarked to various features including quality, design, durability and reliability.

We were for voted one of East Africa's Strongest brands by consumers and thus accorded Superbrands 2012-14 and 2015-16 Award.

Were also awarded as one of Kenya's Top 100 Mid-Sized Companies 2015.

OUR OTHER PRODUCTS

KITCHEN CABINETS, BEDROOM WARDROBES, BATHROOM UNITS

Our Kitchen Cabinets and Bedroom Wardrobes is guaranteed to satisfy our client's needs. The European themed kitchens are customized and fitted according to the client's taste and the space allowance without compromising on aesthetic, quality and efficiency. For a complete beautifully finished kitchen, we offer a wide range of **TEKA brand** of In-Built appliances which are mostly used for bigger projects. They consist of In-built microwaves and ovens, Fridges, Sinks, Taps, Hobs and Hoods. We also manufacture **Hotel Room furniture including Beds and TV Wall Units.**

We are broadening our product range by introducing new raw materials and products for our home range of products both for residential houses and commercial apartments. They include:

1. uPVC Windows

We use the highest quality of materials to produce uPVC windows that last long in the Kenyan climate and are customized to suit our customers' requirements in color, design and dimensions with a high level of resistance to corrosion, rot, chipping, fading, insect assault and discoloration and sturdiness due to the addition of CRP.

2. Foldable Windows

The Foldable Window concept is an innovative Design system that provides durable enhanced mechanism without compromising on your scenery. We offer both sliding windows and fixed windows, with or without shutters.

3. Aluminium Rail System

We can also provide products that can supplement the Window systems and are Stand-Alone, these include Aluminium Railing Systems. These systems can be used for Balconies, Shower Cubicles and Stairs.

4. Doors

We supply various designs of MDF and wood composite Doors which are produced with the most advanced technology and best quality service available. With MDF as the raw material you get a more stable and durable door than wood doors which is also much cheaper.

5. Laminated Floor Panels

We offer laminated wooden floors that have beautiful color which blends in well with most furniture colors and is sufficient for both hot and cold weather conditions. The laminate floors, which are manufactured in Turkey under the highest European standards do not require adhesive due to their interlocking system thus making them easy to install.

6. TrendyHomes.co.ke

We have opened an Online Home Furniture shopping line, **trendyhomes.co.ke**, which is the first online furniture store of its kind in Kenya with secured payment options. It features Kenyan made furniture that shall cater for the middle and lower end market.
